REPRESENTED PARTIES SHOULD ACT THROUGH THEIR ATTORNEY.

TO THE HONORABLE JEFF BOHM, U. S. BANKRUPTCY JUDGE:

ROSENTHAL LAW FIRM, P. L. L. C. ("Applicant" or "RLF"), counsel for Loretta Cross, Chapter 11 Trustee of Advantage Energy Joint Venture, debtor in the captioned Chapter

11 case (the "Debtor") hereby files its Fourth and Final Application for Allowance of Compensation and Reimbursement of Expenses for the Period January 1, 2019 through May 15, 2019 (the "Final Application"), and, in support thereof, would respectfully show the Court as follows:

BACKGROUND

1. On July 26, 2017 (the "Filing Date"), an involuntary petition under chapter 11 of title 11 of the United States Code (the "Bankruptcy Code") was filed against the Debtor. The Debtor's case is pending before the United States Bankruptcy Court for the Southern District of Texas, Houston Division.

2. On September 21, 2017, the Court denied the Application to dismiss the involuntary petition and thereafter entered an order for relief. On September 26, 2017, Loretta R. Cross was appointed as Chapter 11 Trustee of the Debtor's estate (the "Trustee").

3. On October 23, 2017, the Trustee filed its Application to Employ Rosenthal Law Firm, P. L. L. C., as Counsel (the "Application to Employ") requesting the Court's authority to employ Rosenthal Law Firm, P. L. L. C. to act as the attorneys for Trustee in all matters arising in or related to Debtor's case. On November 28, 2017, the Trustee filed its Renewed Application to Employ Rosenthal Law Firm, P. L. L. C., as Counsel (the "Application to Employ") requesting the Court's authority to employ Rosenthal Law Firm, P. L. L. C. to act as the attorneys for Trustee in all matters arising in or related to Debtor's case. On December 6, 2017, the Court signed an Order Approving Employment of Rosenthal Law Firm, P. L. L. C., as Counsel for Loretta Cross, Chapter 11 Trustee ("Employment Order"), a true and correct copy of which is attached hereto as **Exhibit "A"** and made a part hereof for all purposes.

4. On October 23, 2017, Applicant also filed its Declaration of Trent L. Rosenthal

and Disclosure Statement Pursuant to §504 of the Bankruptcy Code and Rules 2014(a) and 2016(b) of the Federal Rules of Bankruptcy Procedure (the "Affidavit"), disclosing the matters required under Rule 2016(b) of the Federal Rules of Bankruptcy Procedure. A true and correct copy of the Declaration is attached hereto as **Exhibit "B"** and made a part hereof for all purposes.

**APPLICATION FOR ALLOWANCE OF COMPENSATION
AND REIMBURSEMENT OF EXPENSES**

5. This is Applicant's fourth request for allowance of compensation and reimbursement of expenses. Applicant is counsel for the Trustee and makes this Application pursuant to §331 of the Bankruptcy Code for professional services rendered and for reimbursement of out-of-pocket expenses incurred by Applicant in the representation of the Trustee. By this Application and in compliance with §328(b) of the Bankruptcy Code, Applicant seeks an allowance of compensation for the period from January 1, 2019 and ending May 15, 2019, and a final award of fees and expenses from all earlier applications. Applicant also seeks approval of the Supplement to this Final Application that will request fees and expenses through June 30, 2019, by which date the case will likely be dismissed.

6. Applicant filed its First Application for Allowance of Interim Compensation and Reimbursement of Expenses for the Period October 12, 2017 through February 28, 2018 (dkt. 153) on March 23, 2018. On July 18, 2018 the Court signed an Order approving Applicant's First Application for Allowance of Interim Compensation and Reimbursement of Expenses for the Period October 12, 2017 through February 28, 2018 (dkt. 165) and Applicant was granted \$22,905. 00 in fees and \$1,817. 48 in accrued expenses. The foregoing allowed fees and expenses have been paid.

7. Applicant filed its Second Application for Allowance of Interim Compensation and Reimbursement of Expenses for the Period March 1, 2018 through September 30, 2018 (dkt 186)

on October 10, 2018. On December 18, 2018 the Court signed an Order approving Applicant's Second Application for Allowance of Interim Compensation and Reimbursement of Expenses for the Period March 1, 2018 through September 30, 2018 (dkt. 232) and Applicant was granted \$41,650.00 in fees and \$1,254.65 in accrued expenses. The foregoing allowed fees and expenses have been paid.

8. Applicant filed its Third Application for Allowance of Interim Compensation and Reimbursement of Expenses for the Period October 1, 2018 through December 31, 2018 (dkt 245) on January 17, 2019. On February 15, 2019 the Court signed an Order approving Applicant's Third Application for Allowance of Interim Compensation and Reimbursement of Expenses for the Period October 1, 2018 through December 31, 2018 (dkt. 266) and Applicant was granted \$61,640.00 in fees and \$1,190.38 in accrued expenses. The foregoing allowed fees and expenses have been paid.

9. The Trustee has a reserve of \$35,000.00 remaining to cover the fees and expenses of the Applicant, together with additional reserves. The reserve was established in the Waterfall Analysis (latest version).

10. All professional services for which allowance of compensation is requested were performed by Applicant for and on behalf of the Trustee and not on behalf of any committee, creditor, equity security holder or any other person. Applicant is not seeking any compensation for work that was, or should have been, performed by the Trustee. Applicant is seeking compensation for legal services rendered to the Trustee. This Application covers the allowance of compensation for professional services performed from January 1, 2019 through May 15, 2019 and expenses incurred or reaching Applicant's records during that period (subject to supplementation). This Application is Applicant's fourth and final request for an allowance of compensation and

reimbursement of expenses, and is a request for final approval of all awarded interim compensation and expenses, together with the fees requested in the Supplement (as defined below).

12. During the period covered by this Application, Applicant expended a total of 153.70 hours for professional services rendered on behalf of the Trustee. The time was spent by the principals, associates and paralegals of Applicant as follows:

<u>Principals</u>	<u>Hours</u>	<u>Hourly Rate</u>	<u>Total</u>
Trent L. Rosenthal	59.70	\$450. 00	\$26,865.00
Nena Lamb	5.30	\$100. 00	\$ 530.00
TOTAL	<u>65.00</u>		<u>\$27,395.00</u>

A complete accounting of the foregoing time is provided in the Invoices from Applicant (the "Invoices"), attached hereto as **Exhibit "C"** and incorporated herein by reference for all purposes.

16. The rates charged by Applicant at the commencement of this proceeding was the same as the rates charged on chapter 11 matters, without considering the size and degree of responsibility, difficulty, complexity and results achieved. Accordingly, and based on such rates, the value of the professional services rendered during the period from January 1, 2019 through May 15, 2019 by Applicant totals **\$27,395. 00.**

17. Expenses incurred during the period covered in this Application total **\$613.73**, and are detailed in **Exhibit "C"**, attached hereto and incorporated herein by reference. A summary of said expenses is attached hereto as **Exhibit "D"** and incorporated herein for all purposes.

18. Work performed by Applicant for the period covered by this Application which has benefited the Trustee and Debtor's estate includes, but is not limited to, the following:

- a. General/Case Administration. Applicant advised the Trustee with respect to alternatives to conclude the case, including dismissal and possible plan confirmation. Applicant prepared and filed a Motion to Dismiss. No objection has been filed. It is hoped

that this motion will be granted at the hearing on June 28, 2019 and the case can be closed by the end of the second quarter. Additionally, Applicant advised the Trustee with respect to the waterfall analysis, which has been a seminal part of this case to insure that administrative claims are paid and priority claim. Applicant reviewed issues related to the Steelhammer chapter 11, and conferred with the Trustee on these issues. Applicant also attended a telephonic status conference in May to discuss the issues related to the Larry Martin Entities lien priority objection, which was overruled when they failed to file an adversary.

On various dates, Applicant prepared and filed monthly operating reports and filed the Certificates of Service for October, November, and December 2018.

The approximate time and compensation of Applicant's principals, associates and paralegals relating to Applicant's efforts set forth in this subparagraph "a" is as follows:

<u>Attorney</u>	<u>Hours</u>	<u>Amount</u>
Trent L. Rosenthal	14.80	\$6,660.00

b. Asset Disposition. Applicant communicated with various creditors regarding the case. Applicant prepared a Second Distribution Notice.

Applicant reviewed and negotiated a revised Waterfall Analysis, which provided funds for the administrative claims and the priority tax claims, and increased reserves where needed. Applicant conferred with the Trustee and secured lender's counsel regarding these issues, and an agreement was reached.

The approximate time and compensation of Applicant's principals, associates and paralegals relating to Applicant's efforts set forth in this subparagraph "c" is as follows:

<u>Attorney</u>	<u>Hours</u>	<u>Amount</u>
Trent L. Rosenthal	6.40	\$2,880.00

c. Fee/Employment Application. In accordance with the appointment of the Trustee, on September 26, 2017, Applicant prepared, filed and served the Rosenthal Law Firm, P. L. L. C.'s Third Application for Compensation and prepared for filing and filed Briggs Veselka, P.C.'s First Application for Compensation. This includes the Summary, and Orders approving the applications.

Applicant attended the telephonic hearing on Applications for Compensation on February 15, 2019, and the Court granted the Applications. In addition, Applicant commenced the

preparation of the Trustee's first and final fee application and forwarded to the Trustee for review. Moreover, Applicant conferred with the Trustee regarding the Stout fee application.

The approximate time and compensation of Applicant's principals, associates and paralegals relating to Applicant's efforts set forth in this subparagraph "d" is as follows:

<u>Attorney</u>	<u>Hours</u>	<u>Amount</u>
Trent L. Rosenthal	8.30	\$3,735.00
Nena Lamb	5.30	\$ 530.00

d. Claims Administration & Objections. Applicant reviewed the Motion for Hearing Requesting an Order Allocating Net Sales Proceeds Between, and Directing and Authorizing Distribution to Woodforest National Bank and Maske, LLC, in January. In March, Applicant also filed an objection to the foregoing Application to preserve various rights of the Trustee. Applicant also filed the latest version of the Waterfall Analysis, which is a cornerstone of a determination of funds available for distribution. Applicant negotiated with counsels for secured creditors to come to an agreement regarding an allocation and an agreed order on the application. Applicant had numerous phone calls and emails with opposing counsels and reviewed and revised the Stipulations with WoodForest, the assignee of Green Bank, and Red River and a related Agreed Order, which was quite complex. Applicant attended a hearing on the Application on April 23, 2019, at which time the Court entered the Agreed Order, which allowed the Trustee to distribute over \$4M dollars to secured creditors. The Trustee ceded authority and standing to the Martin Parties to object to the extent, validity and priority of WNB's liens. The Martin parties ultimately elected not to proceed with the objection, and Woodforest submitted an Agreed Order, which contained certain objectionable provisions.

On May 8, 2019 Applicant filed a Limited Objection to the proposed form of the proposed order determining lien priority. Subsequent thereto, an Agreed Order was negotiated and submitted to the Court resolving these issues.

The approximate time and compensation of Applicant's principals, associates and paralegals relating to Applicant's efforts set forth in this subparagraph "a" is as follows:

<u>Attorney</u>	<u>Hours</u>	<u>Amount</u>
Trent L. Rosenthal	30.20	\$13,590.00

SUPPLEMENT

Applicant intends to file a supplement this Final Application (the “Supplement”) to cover the fees and expenses incurred through the hearing on this Application on June 28, 2019, and requests that the Court consider the Supplement at that time. Since Applicant believes that the case will be dismissed on that date, this is the most cost efficient and effective way to deal with these fees and expenses accruing during this period. These fees and expenses are estimated to be less than approximately \$10,000 (and absent un-unforeseen circumstances), less than the balance of the reserve remaining after payment of this Final Application. Therefore, in addition to the award requested herein, Applicant hereby notifies all creditors and parties of its intent to seek the allowance of up to an additional \$10,000 in fees and expenses at the hearing on this Application.

CONCLUSION

20. Various factors have been suggested by the Courts for consideration in awarding compensation in a bankruptcy case. See, for instance, *Matter of First Colonial Corp. of America*, 544 F. 2d 1291 (5th Cir. 1977) and *Johnson v. Georgia Highway Express, Inc.*, 488 F. 2d 714 (5th Cir. 1974). These factors are codified in Section 330 of the Bankruptcy Code. Consideration of these factors is as follows:

- (a) Time and Labor Required: The time required for the services performed by Applicant and a detailed description of such services are set forth in the Invoices, **Exhibit "C"**. Applicant was required to devote substantial time and attention to the chapter 11 case. The rates charged for attorneys and paralegals are commensurate with the complexity of this case, experience and qualifications of the attorneys and paralegals. Applicant avoided duplication of efforts and did not engage in any interoffice communications. Applicant handled the legal matters in a cost effective and efficient manner.
- (b) Novelty and Difficulty of the Questions: This case involves the technical and

complex questions that arise in a chapter 11 case, and issues related to the adversary proceeding over ownership of the Debtor's assets. Moreover, Applicant's efforts facilitated an auction for the sale of Debtor's assets, including a stalking horse bid and bidder protection provisions. Implementing this process requires special skill, and experience in these types of sales. Furthermore, Applicant assisted in making the way to allow for a distribution of over \$4M dollars to secured lenders from the sales proceeds. These matters duly taxed Applicant's resources and required Applicant's full expertise.

- (c) Skill Required to Perform the Services Properly: The principals and associates of Applicant have the skills required to properly perform the appropriate services for the Trustee. The fees requested herein are justified. Applicant has demonstrated its skill by minimizing the controversies that have arisen, promoting an orderly administration.
- (d) The Preclusion of other employment by the Applicant due to the acceptance of the case: Applicant's firm has numerous clients whose representation involves handling bankruptcy problems on a daily basis. By representing the Trustee in this action, Applicant's resources were utilized and to some extent, Applicant may have been precluded from representing some other chapter 11 debtors, as well as other clients. Applicant was also required to render certain services on a time-critical basis
- (e) Customary Fees: The rates charged by Applicant are customary fees for similar work done in the community. No premium, lodestar or contingency has been included in this Application. Applicant has not billed for any services that should have been performed by the chapter 11 trustee, as the trustee of Debtor's estate.
- (f) Whether the Fee is Fixed or Contingent: Applicant's fee expectations, when the case was accepted, were that the Applicant would receive its usual hourly rate. There is no contingency fee arrangement. Applicant was exposed to a possible risk in the collection of its fees if Applicant's efforts were not successful.
- (g) Time Limitations: These proceedings have required quick responses by counsel. In many instances, matters arising in connection with the Debtor's chapter 11 case required immediate attention. Applicant analyzed the law and facts on an expedited basis whenever necessary.
- (h) Amount Involved and Results Obtained: As a result of Applicant's and others' efforts, the Trustee was able to sell the Debtor's assets for \$5,500,000 cash and the sale closed on December 31, 2018. This generated proceeds that can be used to satisfy the priority tax lien claims, and monies/reserves for administrative claims in this case, and left over \$4,000,000 available to the two secured equipment lenders, which has now been distributed. A reserve was established for payment of the fees and expenses that are allowed to Applicant and other reserves for other professionals, including the Trustee and her advisors. Some of the reserve was used to pay fees and expenses that had already been allowed. Applicant has,

whenever possible, engaged in settlement discussions with creditors in an attempt to arrive at a negotiated settlement so as to avoid the costs inherent in litigation. For example, Applicant negotiated a reserve for administrative claims and payment of priority tax lien claims with the two (2) secured lenders to facilitate the sale. Applicant also negotiated the terms of a major distribution to the secured lenders of certain of the sales proceeds. Applicant's efforts have resulted in an orderly and efficiently managed chapter 11 case for the Trustee and the Debtor's estate.

- (i) Experience, Reputation and Ability of Counsel: Applicant has an excellent reputation in the area of bankruptcy, litigation, real estate, banking and corporate law. All of Applicant's ability corresponds with its experience making the fee differentials appropriate. Applicant has represented numerous clients in chapter 11 proceedings. Applicant is well qualified to represent the Trustee in its chapter 11 case. Résumés for Applicant and its principals and associates are available upon request or at Applicant's website, www.rosenthallaw.com.
- (j) The "undesirability" of the case: This case is undesirable because of the delays and risks inherent in the bankruptcy fee application procedure, and the possibility of funds not being available for administrative claims.
- (k) Nature and Length of Professional Relationship with the Client: The Trustee has known Applicant for many years, and works with the Trustee in other matters. However, this is the first time Applicant has represented the Trustee.
- (l) Awards in Similar Cases: Applicant believes that the compensation sought is consistent with that awarded in other cases of similar size and complexity, and is authorized by §330 of the Bankruptcy Code. This Court reviews applications for compensation of attorneys in many cases and is aware of the allowances usually made and the factors that enter into such a decision. Applicant believes that the fees and expenses requested are similar to fee awards made in similar cases.

WHEREFORE, Applicant respectfully requests that this Court enter an order that:

1. Allows compensation to Applicant in the sum of **\$28,008.73** consisting of fees in the amount of **\$27,935.00** plus reimbursement of expenses in the amount of **\$613.73**, as reasonable compensation for services rendered and reimbursement of expenses incurred by RLF in connection with this case for the period January 1, 2019 through May 15, 2019;
2. Authorizes and directs the Trustee to pay Applicant in the amount of \$28,008.73, which amount reflects the fees and expenses awarded herein,
3. Approves the foregoing as an allowance of compensation;

4. Approves the Supplement to be filed to this Final Application, and authorizes the Trustee to pay same, and

5. Approves all interim awards and the amounts awarded herein as a final allowance of compensation and reimbursement of expenses for Applicant.

6. Grants Applicant such other and further relief as is just and equitable.

Respectfully submitted this 30th day of May, 2019.
